1. INTRODUCTION

Welcome to the bike location of KWC Kampen

In 2015 we started cycling at this location. The volunteers are still working on improvements on and around the track.

And in recent years, many things have improved and changed.

The KWC is also investing in training and structure in the organization, which in turn results in a growth at the KWC.

The club currently has about 260 members.

Also outside of our accommodation KWC remains active in organizing events and competitions.

A good example is the collaboration with Papendal to help with the World Cup on 5 and 6 May 2018.

Also in villages that fall under the municipality of Kampen, KWC is involved in the realization of small BMX jobs to bring the sport more to the attention of the youth. the Motto of KWC is therefore not top sport without broad sport and no sport of sport without top sport.

KWC is therefore happy to organize these 2 European rounds in Kampen.

The cooperation of the municipality and other government bodies is also highly appreciated by KWC.

KWC and Kampen are proud of our cycling center, where besides BMX other cycling sports can be held.

Rudy van Dijk

Foundation President Cycling Centre Schansdijk

5. RULES

The provisions of the UCI's BMX Rulebook in its latest version apply with a few amendments:

- All Championship categories are seeded according to the current UCI Individual ranking. The event on the second day is seeded using the Final Classification of the event on the first day;
- For all Challenge categories scrambled seeding is used for the motos. The number of heats during the Motos and the number of riders in each such heat shall be determined as per Annex 1, based upon the number of riders entered and confirmed in the category following riders confirmation. Likewise, the number of riders who will transfer from the Motos into the Qualifiers or the Final (whichever the case may be), is chosen according to Annex 1. However, the riders are randomly distributed through these heats, such that the heats are not the same within each of the three Rounds of the Motos (source: UCI Rulebook article: 6.1.027quater).
For more explanation of the scrambled moto and transfer system please refer to UCI Rulebook article 6.1.033
- Rider's equipment:
 - The use of interlocking pedal-cleat systems is allowed for categories 13 years and over.
 - All riders receive a number plate and side plate from UEC at registration of the UEC BMX European Cup Race. In all UEC sanctioned BMX events a rider must display the number plate and side plate assigned to him. A rider who fails to display the correct number plates will be refused their start, or relegated, if it is noticed after beginning a heat or run.
 - all Championship and Challenge riders must either wear a clearly visible national flag of their country on both shoulders or the national jersey of their country otherwise they will not be allowed to start.
If a Championship rider is National Champion in their class, this rider must wear either:
 - o the jersey awarded by the federation,
 - o a replica of that jersey with publicity in the spaces allowed by the regulations,
 - o their normal jersey with the left sleeve designed to look like the flag of their country.
- When an 8 meter start hill is available, this start hill will be used by the Championship Classes. In case of bad weather conditions the UEC technical delegate and UCI PCP can decide in consultation with the riders to use the 5m starting hill, for safety reasons.
- Number of motos: in case of special conditions (weather, wind or else) or a high number of participants, the UEC BMX Commission allows the PCP in agreement with the UEC Technical delegate to reduce the number of motos. This can only apply for challenge classes and never for championship classes.
- Team Managers meeting will be on Friday 23th March at 16:00.
The participation is mandatory for:
 - max. 1 National Delegate (Chef d'Equipe)
 - max. 1 Team Manager of the UEC registered team
 - personal coaches with UEC accreditationIf necessary, the UEC Technical delegate and PCP can decide to call for other meetings during the event.

6. RIDERS REGISTRATION, REGISTRATION FEES, LATE ENTRIES AND CLASSES
